SA**

# Pleasure Fishing Group

## About the group

Do you have a love of fishing? If so, the Retire Active SA Pleasure Fishing group brings together like-minded people who, like you, love to cast out a line. From exploring the state's best fishing spots, to meeting new members, or enjoying conversation with old friends, the Pleasure Fishing group is not just a hobby, it's a lifestyle!

The group enjoys both social fishing at a range of South Australian hotspots as well as regular fishing trips away. The group aims to take at least three trips away annually, staying at caravan parks that are member favourites.

Although the emphasis is on pleasure fishing, competition does exist within the group for enthusiastic participants. Records are made of all fish caught, with year-end trophies bestowed to the men and women who have caught the most, biggest or broadest variety of fish. There is also a Yellow Jacket award, given to the person who catches the longest fish on each trip.
